NUNN AND COOK

Lead in Instructed Votes in Eighteen Counties.

McCracken, as Usual, Has a Contest and Two Delegations.

Mass-conventions were held Saturday in the 18 counties of the First Appellate district to send delegates to the Paducah convention to day, to nominate a Democratic candidate for Judge of the Court of Appeals, to succeed Judge J. D. White. Judge T. J. Nunn, of Hopkins, leads in instructed votes, having carried Caldwell 7, Crittenden 8, Livingston 8, Hopkins 17, Union 16 and Webster 12, second over Judge Dorsey, who is not a candidate. Total, 68.

Judge J. E. Robbins, of Graves, has Fulton, 7, Graves 24, Marshall 8. Total 39.

Judge T. P. Cook, of Calloway, has Calloway 17, Christian 16, Lyon 8, Trigg 8. Total, 43. He has second over Nunn in Livingston.

Judge J. D. White, of Carlisle, has Ballard 7, Carlisle 7, Hickman 9. Total, 25.

McCracken county held two conventions, one instructing for Robbins and the other for White. Robbins has the delegation endorsed by the county chairman, whose rulings caused the White supporters to hold a separate convention. The committee on credentials will have to inquire into the merits of the contest.

Henderson instructed for Dorsey and sends practically an uninstructed delegation, as Dorsey is not a candidate. Some of these 20 votes will go to Cook, but Nunn is expected to get the bulk of them.

The convention bids fair to be a hotly contested struggle for a nomination worth \$40,000. The term is for eight years at a salary at \$5,000 a year, with a secretary at a good salary.

The convention will be called to order to-day by Mott Ayers, Executive Committee for the First District.

It will have 211 delegates and 100 will be necessary to nominate.

HORRIBLE ACCIDENT.

Mrs. Wood Thrown From Buggy and Skull Fractured.

Mrs. Bettie Wood, wife of Mr. George Wood, of Sinking Fork, was perhaps fatally injured Saturday night.

Mrs. Wood and her daughter and little son were enroute to the Brick church in a buggy, when the horse became frightened and the vehicle was overturned. All the occupants were thrown to the ground. Mrs. Wood's head struck a rock and her skull was fractured behind the left ear.

Drs. Jackson and Sargent, of this city, and J. J. Backus, of Gracely, were summoned and on examination found that Mrs. Wood was suffering from concussion of the brain in addition to a fractured skull. Blood has been flowing from her mouth, nose and ears since the accident and it is thought she will die of her injuries.

Miss Wood was badly bruised, but was not seriously hurt, and her little brother escaped with a few bruises.

LOCAL WHEAT MARKET.

No. 2, worth 75 Cents—Decline Last Week.

Wheat was 75 cents on the local market yesterday. All of the grain has been threshed. A few farmers are holding in anticipation of an early advance. For several days No. 2 wheat sold here at 78 cents, but there was a decline of three cents last week.

FRANK WHITE

Meets Death Suddenly and Mysteriously.

Was Returning From a Picnic With His Brother John.

Frank White, aged twenty-eight years, son of Buckner White, of Christian county, was shot and killed near Lafayette Saturday night. The killing is surrounded in mystery. John White, aged thirty-two years, the dead man's brother, claimed that he was shot from ambush. They were in a buggy together.

Esq. Dixon held an inquest and the verdict was that White was killed by some unknown person.

The brothers had been to a picnic at Big Rock, Tenn., and at 9 o'clock came back to their father's, finding the family asleep they continued towards Frank White's, a mile or two beyond. When near Lafayette the killing occurred, about 9:30 o'clock. John White rode the horse they had been driving into Lafayette and summoned Drs. J. J. Ezell and J. F. Stone. Frank White was dead when they got back to the scene.

John claimed that he was asleep in the buggy and was aroused by a shot and found his brother wounded, saying he had been shot from the roadside. He placed his body on the ground and left at once for help.

Frank was shot in the left side and the ball ranging upward had passed through his heart. His coat was burned by powder.

Later John said the killing might have been done by accident. Both of the brothers had pistols. One had one chamber and the other had four empty. The accidental theory is the most generally accepted, as it is said both of them were more or less under the influence of liquor.

Frank White was a prosperous young farmer who owned a good farm. He leaves a wife and one child. His wife was Miss Davidson.

ALLEGED HOG THIEF

Arrested Near Caskey And Taken to Todd County.

John Kennedy, col., wanted in Todd county on a charge of hog stealing, was arrested near Caskey Friday morning by Sheriff Davis and deputy Starling.

Kennedy was indicted at Elkton more than a year ago, and is accused of stealing a hog from a farmer near Fairview.

He had been living near Caskey for some time and it was reported that he had said he would never be taken alive. The officers went out to his home early Friday morning and the arrest was made without any trouble, however. The negro was handcuffed and Sheriff Davis took him to Elkton the same day and delivered him to the jailer of Todd.

Circuit Court is now in session at Elkton and Kennedy will be tried at this term.

FIRE AT BEVERLY.

Major & Son's Store and its Contents Destroyed.

The general merchandise store of G. H. Major & Son, at Beverly, was destroyed by fire about 5 o'clock yesterday morning. Mr. Major had just opened the house for the purpose of selling some article and as he and his customer went out on the front porch the rear of the building was discovered in flames.

In a very few minutes the house and its contents were reduced to ashes. The house belonged to Robt. Adams and was worth about \$400. Major & Son's loss is about \$2,000. They had \$1,000 insurance.

BLOCK IN CADIZ

Wiped Out By a Sunday Morning Fire.

Heavy Losses Fall Upon Several Business Firms.

A destructive fire swept away one of the best blocks in the business section of Cadiz Sunday morning.

The business houses burned were:

Bank of Cadiz, E. E. Wash, president.

Rowl's saloon.

J. J. Garton, dry goods.

H. M. Garton & Son, hardware.

F. P. Cook, racket store.

Wm. Lynch, dry goods.

Cowherd & Chappell, groceries.

Office Cumberland Telephone Co.

Cadiz Hotel, owned by Hon. Jas. B. Garnett and B. F. Goodwin, run by Mr. Alexander.

The fire originated at three o'clock in the morning in Row's saloon and as the town is without fire protection, the block was doomed from the start.

It spread from one storehouse to another and did not stop until the handsome two-story brick hotel was burned with the rest of the square.

Hon. Jas. B. Garnett's law office was over the Bank of Cadiz and as he was at Dawson, his fine library was completely destroyed.

The insurance was very small and the losses will fall heavily upon most of the merchants burned out.

Mr. Rawls, the proprietor of the saloon, had a close call. He was sleeping up stairs in the same building and escaped in his night clothes through the smoke and flames below just in time to keep from being cut off.

The total loss is estimated at \$50,000. The Cadiz Hotel building was insured for \$6,000, and J. J. Garton had \$1,000. Nothing definite is known about further insurance.

The committee then adjourned.

TO GO IT ALONE.

Mr. H. C. McGehee Will Open Store at Gracely.

Mr. H. C. McGehee, of the firm of McGehee Bros., & Co., who lost their stock of goods by fire at Gracely about a month ago, has decided to build a store house on a portion of his residence lot and open up business for himself.

Mr. McGehee will have plans of the building submitted at once and the contract will probably be let this week.

McGehee Bros. have not yet decided the matter of building. They own three lots in Gracely.

DR. G. GOLDSTEIN,

The Well-Known Eye Specialist,

Will Be In This City July 21 and 22.

The abuse of that delicate organ, the eye, is a prevalent sin of this age and country. The Germans, appreciating its delicate structure and sensitiveness, had a wise saying, "Touch not the eye, except with your elbow." That is equivalent to saying don't touch your eye at all.

A still further caution in reference to the eye is illustrated in the experience of those negligent persons who grope through life straining and ruining the sight instead of consulting upon the first signs of weakness, squinting or watering. Another fatal mistake is made by clinging too long to a favorite pair of glasses that may have once suited the conditions of sight perfectly and opened a new view of the world and things present, but alas the days have sped by and age has so changed the retina as to render your glasses worse than useless. Properly adjusted glasses will most certainly preserve and strengthen the eye; while improperly adjusted glasses are positively injurious as to be many times worse than no glasses at all.

Let us advise those who find the least interest in this article to avail themselves of an opportunity to consult Dr. G. Goldstein and allow him to straighten the matter out with you in short order. He is reliable and responsible, standing in the front of his profession, and his skill and thoroughly established thoroughness throughout the territory in which he has practiced for many years.

Dr. Goldstein will be at the Latham Hotel.

MERRILL'S BODY

Found With Bullet Wound in the Back.

Seattle, Wash., July 15.—A special from Chehalis says: The body of David Merrill, who escaped from the Oregon penitentiary with Harry Tracy on June 9, has been found. A bullet wound in the back reveal the nature of his death and substantiates the story told by Tracy about the duel in the forest. The remains were in a somewhat advanced state of decomposition, but were still recognizable. The last time that Merrill was seen in camp with Tracy was on June 20th, in Tumwater canyon, when both escaped their pursuers. Later Tracy told that he had killed his comrade unfairly in a duel.

The poses to-day are without a clew to Tracy, whereabouts Sheriff Cuddehe's orders for all deputies in the outlying districts to report to his office in Seattle this morning is being obeyed slowly. Sheriff Cuddehe himself remains at Ravensdale with a small posse. Absolutely nothing is being done by the posse toward continuing the search to-day.

Six Eaters Wanted.

Washington may be a tramps' paradise when Dr. H. W. Wiley, Chief Chemist of the Agricultural Department, inserts in the papers an advertisement, which he is said to be preparing, something like this:

Wanted—six healthy young men with nothing to do but eat. Congress during its last session directed the Agricultural Department to experiment and report on the effects of foods which have been artificially colored or preserved. Dr. Wiley holds that he cannot make these experiments unless he has some one to experiment on. Consequently the "healthy young men, with nothing to do but eat," may be sorry after they have eaten, but they will be under the observing care of Dr. Wiley, and their condition at all times will be recorded in history.

This eating contest will undoubtedly be watched with the greatest interest by manufacturers of "doctored" food-stuffs. Whether there is any ground for the antagonistic legislation against American food products by some European countries will also be one of the objects sought to be cleared up by this eating contest.

STRIKE SETTLED.

Railroads Make Concessions to Freight Handlers.

Chicago, July 15.—The strike of the Chicago freight handlers was broken last night, when agreement was signed by four railroads and their employees. Twenty railroads have yet to make peace with the freight handlers. On one side, it is claimed that 60 per cent. of the strikers will be at work today and that by tomorrow the strike will have been ended. On the other hand, the so-called radical element among the freight handlers maintain that at a mass meeting called for today it will be demonstrated that the trouble is not yet over. Chicago business men took an important part in yesterday's steps for a settlement of the difficulty, and they announce that they are determined to break the strike today, settlement or no settlement. Wagons will be driven to the depots, they say, and the Governor has ordered the State militia to be in readiness to preserve order should the city authorities fail.

CORN DROPS.

The Gates Corner at Chicago Terminates.

The Gates corner came to an abrupt termination Tuesday, the shorts effecting a private settlement for about 17,000,000 bushels. The terms were not disclosed, but it is thought that eighty or eighty-one cents was the figure, and that the syndicate's profit would not be more than \$1,500,000. It is believed that the syndicate is left with between 4,000,000 and 5,000,000 bushels of cash corn, the so-called "corpus," which cost approximately seventy cents and must be disposed of before the corner can be called absolutely settled. The farmers are given the credit of the unexpectedly early ending of the corner by deluging the Chicago market with their corn at top figures. With the end of the corner the price dropped 15 cents to 65 cents.

Deafness Cannot be Cured
by local applications, as they can-
not reach the diseased portion of
the ear. There is only one way to
cure deafness, and that is by con-
stitutional remedies. Deafness is
caused by an inflammation of the
mucous lining of the Eustachian
Tube. When this tube gets in-
flamed you have a rumbling sound
or imperfect hearing, and when it
is entirely closed, deafness is the
result, and unless the inflammation
can be taken out and this tube re-
stored to its normal condition,
hearing will be destroyed forever.
Nine cases out of ten are caused by
catarrh, which is nothing but an
inflamed condition of the mucous
surfaces.

We will give One Hundred Dol-
lars for any case of deafness
(caused by catarrh) that cannot be
cured by Hall's Catarrh Cure.

Impaired Digestion

May not be that it is meant by dyspepsia
now, but it will be if neglected.
The weakness after eating, fits of nerv-
ous headache, sourness of the stomach,
and disagreeable belching may not be very bad
now, but they will be if the stomach is
suffered to grow weaker.

Dyspepsia is such a miserable disease
that the tendency to it should be given
early attention. This is completely over-
come by

Hood's Sarsaparilla

which strengthens the whole digestive system.

There are 6,736,779 unmarried
men and 4,195,446 unmarried
women over 20 years of age in the
United States, according to the
census reports. In every state
there is an excess of marriageable
men, ranging from 2 per cent. in
Massachusetts to more than 900 per
cent. in Wyoming. If every woman
could be provided with a husband,
there would still be 1,800,000 men
left over without wives. There are
plenty of men and if a girl doesn't
marry it is her own lookout.

Webster seems to be the storm
center in the Congressional race.
The contest is hot between Brasher
and Stanley. Editor Collins, of the
Sheep News, is leading the Brasher
forces and displaying great skill
in handling the issues of the cam-
paign. Editor George Beard, of
Dixon, is Stanley's manager and
has his forces well in hand. Both
sides are claiming the county.

The Henderson Gleaner makes a
mistake in criticizing the ministers
of Madisonville, pastors of all the
local churches, because they pub-
lished a statement endorsing
Brasher as a man of christian
character and moral worth. In
these times of high rolling degen-
eracy, it does not hurt even a
politician to be on the Lord's side.

The editor of the KENTUCKIAN
acknowledges the receipt of a no-
tice from the Louisville Commercial
club of his election as a non-resi-
dent member of the club. It was ac-
companied by a ticket admitting
him to the courtesies of the club.
The business men of Louisville are
wide awake and progressive and
evidently realize that the newspa-
pers are good fellows to have on
their preferred list.

A strange story comes from
Madrid. A little girl died of dip-
theria and there was a wholesale
kissing of the dead child's lips by
her schoolmates. As a consequence
50 children have already died of the
disease contracted in that way and
many others are sick.

A Frankfort dispatch says the
Governor will visit the state em-
campment in August, at Mammoth
Cave, accompanied by his full
staff. This is probably a mistake.

ernor's staff, doesn't get "full."

of his daughters married titled for-
eigners.

Dr. G. Goldstein, the celebrated

nounced. He is at Hotel Latham
and in his last day here
where desiring his services should

NEGRO BURNED AT STAKE.

Mississippi Rob Saturates Victim
With Oil Before Fire is
Applied.

Clayton, Miss., July 17.—William
Ody, a negro brute, who attempted
to assault Miss Virginia Tucker,
of this place, was burned at the
stake at midnight last night. The
young woman was out riding in the
country when attacked and was so
violently pulled from a buggy by
the negro that both of her legs
were broken. She is in a critical
condition. The negro was soon
captured and was held for a time
in the possession of a posse, but he
was soon taken from the posse, sat-
urated with oil, tied to a tree, and
burned. The young woman's
father is reported to have applied a
match to the faggots piled around him.

Miss Tucker was riding home in a
buggy, when at a lonely spot in
the road the negro halted her with
the information that she had
dropped a package. She stopped
her horse and the negro seized her
wrist and dragged her violently
from the vehicle. She screamed
and was found a few minutes later
by Dr. William Hitt, who was driv-
ing in the country. The negro,
upon seeing the physician, fled, but
was soon captured.

Ody was taken to a convenient
spot and a bonfire built around a
tree. He was told to prepare for
death, and when the manner of his
execution became apparent he
begged piteously for mercy. He was
bound securely and put into the
flames and in a short time only his
charred bones marked the place of
execution.

HANGING AT OWENSBORO.

Owensboro, Ky., July 17.—Josh
Anderson, a farmer who was in
jail here, charged with the murder
of his wife on the night of July 9,
was taken from prison by a masked
mob of about forty men and hanged
to a beam over the city squares on
one of the principal streets of
Owensboro early this morning.
The lynchers, who are supposed to
have come from the scene of Ander-
son's alleged crime, demanded ad-
mittance to the jail, which was re-
fused. They then battered down
the prison door and secured their
victim. Anderson was the first
white man ever lynched in Daviess
county.

CIGARETTE LAW.

Asked Construction by Grocers
and Tobacco Dealers of
Louisville.

Frankfort, Ky., July 18.—Several
wholesale grocers and tobacco
dealers of Louisville have addressed
the Attorney General, asking for
a construction of the sections of the
new revenue law fixing a license
tax for the sale of cigarettes and
cigarette material. Lawyers here
construe the statute to mean that
the \$100 license for wholesalers is
solely on manufactured cigarettes,
and does not prohibit the whole-
saler from selling tobacco packages
with cigarette papers attached.
The license of \$10 for retailers cov-
ers the sale of this cigarette mate-
rial, however, as well as manu-
factured cigarettes.

It is said that Attorney General
Pratt will so construe the statute.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through
your kidneys every three minutes.
The kidneys are your blood purifiers, they fil-
ter out the waste or impurities in the blood.
If they are sick or out of order, they fail to do
their work.
Pains, aches and rheumatism come from ex-
cess of uric acid in the blood, due to neglected
kidney trouble.

Kidney trouble causes quick or unsteady
heart beats, and makes one feel as though
they had heart trouble, because the heart is
overworking in pumping thick, kidney-
poisoned blood through veins and arteries.
It used to be considered that only urinary
troubles were to be traced to the kidneys,
but now modern science proves that nearly
all constitutional diseases have their begin-
ning in kidney trouble.

If you are sick you can make no mistake
by first doctoring your kidneys. The mild
and the extraordinary effect of Dr. Kline's
Swamp-Root, the great kidney remedy is
soon realized. It stands the highest for its
wonderful cures of the most distressing cases
and is sold in its merits
by all druggists in fifty-
cent and one-dollar sizes.

You may have a
sample bottle by mail.
Also pamphlet telling you how to find
out if you have kidney or bladder trouble.

SOUGHT SUNKEN TREASURES.

The Late Capt. Enoch Townsend's Hunts for Famous Wrecks.

Capt. Enoch Townsend, of Somers Point, who was drowned by the capsizing of his boat in Great Egg Harbor bay the other day, probably knew, according to the New York Sun, more about wrecks than any other man along the Atlantic Seaboard.

He and his brother Japhet organized the Atlantic & Gulf Wrecking company. Their steamers for years patrolled the coast from Hatteras to Sandy Hook and saved many sailing vessels and assisted in pulling scores of big steamships of sandbars.

They were known among seafaring men as the treasure-hunting captains. They made a lot of money by recovering the cargoes of abandoned wrecks.

In 1884, when the big English tramp steamer Nuphur went ashore on the lower point of Ludlum's island and was abandoned by her owners and the underwriters, the Townsends went to work on her and before the summer was over had taken from her submerged hold more than 1,000 tons of pig iron.

In the spring of 1887 they located the wreck of the Merrimac, which went down in 1862 off Seven Mile beach. From her hold there is said to have been taken 400 tons of pig lead. In the summer, when the wrecking business was dull, the Townsends spent their time in locating sunken wrecks.

Capt. Enoch Townsend at last got the idea that he could find the wrecks of the sunken treasure ships De Bracks and Montezuma, which are said to have gone to the sea's bottom within a few miles of the Delaware capes more than a century ago. This idea grew to be a mania with him.

In the summer of 1890 he began a vigorous and systematic search for these wrecks. He sailed up and down the lower Cape May county coast and dragged the bottom of the sea thoroughly. His dredges encountered many submerged wrecks, but when the divers descended they found either sunken coal-laden scho-rs or old water-gate lumber vessels.

For two seasons Capt. Townsend kept up the search, and at one time it was reported that he had found the Spanish galleon Montezuma, and had lost her the same day through the coming up of a terrific northeast gale. The captain denied the report, but members of the crew declared that the diver who had gone down to the wreck told a story of the strange and peculiar construction of the sunken ship, part of which protruded above the sandy bottom.

When the storm subsided Capt. Townsend sailed back to the locality and dragged the sea's bottom for an entire day, but the hooks failed to fasten to anything. It is believed that the storm covered the wreck with sand.

At one time Capt. Townsend worked on a wreck sunk a hundred yards from the shore of Seven Mile beach. She was believed to be the hull of the Guatemotzin, a Spanish galleon, which traditions says went down with more than \$500,000 in silver bullion on board. A syndicate of Philadelphians who owned the island and the riparian rights ordered him to stop work and he abandoned the wreck.

Capt. Townsend was fairly well off in this world's goods when he died, and he would gladly have spent his all could he have realized the one ambition of his life—the finding of the treasure ships.

Wives by Purchase.

Wives are still obtained by purchase in parts of Russian Europe. In the district of Kamyschin, on the Volga, for example, this is practically the only way in which marriages are brought about. The price of a pretty girl from a well-to-do family ranges from £10 to £20, and in special cases a much higher sum is obtained. In the villages the lowest price is about five pounds. It is customary for the fathers of the intending bride and bridegroom to haggle for a long time over the price to be paid for the lady. A young farmer whose father cannot afford to pay for a wife for him need not think of getting married.

I. C. DOUBLE TRACKED.

First Double Track Line in the South

When the 63 miles between Brookhaven, Miss., and Hammond, La., is completed, which will be within the next three or four months, the Illinois Central will be practically a double track road from Chicago to New Orleans. It will be the first double track line in the South.

GOING OUT

Shopping is not always the amusing pastime for women which newspaper paragraphers would have us believe. Many a woman who must needs practice economy attends bargain sales in absolute dread of the eager, jostling crowd which she must encounter. For her back aches at the start, and she knows that she must pay for her shopping with a nervous headache.

Women who suffer from backache, headache, nervousness and other consequences of womanly diseases are cured by the use of Dr. Pierce's Favorite Prescription. This great medicine for women establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness.

"My wife, Mrs. Mary Eaten, has been taking your medicine and received great benefit from it," writes Mr. George W. Eaten, of Spring Grove, Va. "Was troubled with female weakness, heavy bearing-down pains, severe pain in back and head, and a tired, worn-out feeling all the time. Tried all the remedies we could hear of, but they did no good. Finally we wrote to you and my wife commenced taking 'Favorite Prescription.' Took ten bottles, and is in better health than before in a long time."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. Dr. Pierce's Common Sense Medical Adviser paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

HIT THE HAMMER

Of Revolver And Weapon Ex-
ploded, Making Painful
Wound.

S. R. Stewart, a young farmer
living near Fruit Hill, happened to
a peculiar and quite painful acci-
dent here yesterday about noon.

The young man was driving his
wagon down Virginia street, and
when opposite Forbes & Bros. he
attempted to stop the team. In
pulling upon the lines his hand
struck a revolver in his coat pocket
and the weapon exploded. The
ball took effect in his left thigh,
passing nearly through.

Dr. Sargent performed an opera-
tion in the afternoon, removing the
bullet, and Stewart was able to be
taken home at once.

While the wound is very painful
it is not considered serious.

of his son, Jack Russell, at Manila.
He was a member of Company E,
Ninth Infantry, United States
Army and was 39 years old.

Last October, in an engagement
upon the island of Samar, one of his
legs was badly shattered. The
limb was amputated just above the
knee, but it was thought for a time
that he would die. He rallied and
after a few months a second opera-
tion was performed. Later it was
found necessary to take off the
shattered limb at the hip. Inflam-
mation resulted after this operation
and death finally followed.
He is buried in the Bowling Green
cemetery. Service about two
years. He was unmarried and a
very popular young man.

Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan
question settled, and the best houses
can not be built in a hurry. A house
built in the winter is seldom satisfactory,
and a fall beginning means a winter ending.
Furthermore, prices on all materials are gen-
erally higher in the fall. Then too, most
people wait till then to build, and work
brings a higher price when there is a great
deal of it. Hence you have everything to
gain and nothing to lose by building in the
Spring and Summer.
